The Green Campus & Environmental Policy

• Preamble

We are very much conscious of our fundamental duties as envisaged in the constitution of India and we try to incorporate some best practices at institutional levels to minimize the bad impact on the environment. Though environment protection is a vital part of our cultural values and traditions, we all are committed to fulfill the legitimate requirements to save & protect our environment for future generations.

• Context

Modern College of commerce & computer studies (MCCC's) is committed to practice and maintain high environmental standards in all of its activities, including teaching, research, and community involvement. The MCCC's has in fact developed a strong environmental base for the upliftment of the environment and for that, it is recognized for being an environmentally responsible college.

• Purpose

The Green Campus & Environmental and Energy Policies of the college is made to give an overview of the College's vision & mission to minimize the environmental impacts in our nation. As a responsible organization, we are promoting some measures, which can reduce the bad impact on our environment. Through various activities Modern College of commerce & computer studies try to create patriotic feelings among the students by adopting certain environmental measures. The policy shows us the right way to tackle the environmental problems. It sets out the principles, priority areas and procedures for implementation, management, evolution of the environmental plan for our college.

• Scope

Through this policy our college has tried to address the issue of sustainability as a part of curricular and extracurricular activities. We're excited to learn about new approaches that could help and put the sustainability drive into action.

The focus areas of this policy are:

1. Plastic-Free Campus
2. Clean Campus Initiatives
3. Clean Air Initiatives
 - ◆ Smoking Free Campus
 - ◆ No vehicle day

- **Objective**

- Promote environmental evaluation initiatives.
- Raise consciousness about keeping the campus clean and green.
- To integrate environmental problems into our policies, plans and programmes for social development and outreach activities. For e.g. observe no vehicle day and promote e-vehicle.
- To make the campus plastic free.
- Support green campuses and local sustainability efforts.
- To reduce carbon dioxide in the environment we celebrate “NO VEHICLE DAY” and on the contrary we promote our students to use e-vehicles.

- **Policy**

---The MCCC's environmental policy will be pursued through the following priority areas:

1. **Plastic free campus:**

Though plastic plays a vital role in environmental pollution, we tried to reduce its use in our campus. By reducing the use of Bakelite plastic we can save our soil which is much more important in today's time. So we are promoting a plastic free initiative in our campus.

2. **Clean Campus Initiatives:**

As we were celebrating the 150th birthday of our Mahatma last year, our first and foremost initiative was to keep our campus neat and clean. This initiative reminds us of the great work of our mahatma for the cleanliness of the environment and motivates us to keep our environment safe and clean for the future.

3. **Clean Air Initiatives:**

We deeply encourage our students and all the staff members to use public transportation while coming to college. . Every Thursday, we have been celebrating “NO-VEHICLE DAY” for the last 2 years in our college to control a certain amount of air pollution. Neither any students nor any staff members are allowed/ permitted to take cigarettes or any intoxicant materials inside or outside of the college campus.
